# Our Values

## CHALLENGING THE STATUS-QUO THROUGH CONSTANT INNOVATIONS

Innovative and creative approach and the winner's mentality gives us the ability to constantly challenge existing status-quo of the market. Present clichés of the industry has created a great distance between the Insurance and The customer. That's why we do our best to fight the clichés and make the insurance accessible and close to everyone

## CLIENT ORIENTATION AND OPENNESS

Openness, listening to customers, flexibility and Agility are inseparable parts of our everyday activities. Smoothing the pitfalls of our customers' lives is our mission. We believe, that to achieve this, we have to constantly put ourselves in customers' shoes, be open to them, listen and keep them on mind every time we take any kind of decision.

## FAIRNESS

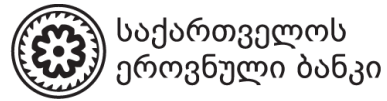

Our relations with our customers, partners and most importantly employees lie on the principle of parity, truth and fairness. We do our best to clarify all the responsibilities and rights to all parties and always keep to our promises. We are never afraid of admitting our faults and mistakes. This should guaranty earning credibility and reliability among our customers and partners.

## SIMPLICITY

By simplifying the insurance and problem-solving, we are making lives simpler. Simplicity is at the core of our brand. Simplicity of our products, processes and communication makes it easier for our customers to overcome negative surprises and smoothen the pitfalls of life.
